

## Work in Progress, Student Interviews

You will take turns being the Reporter (the person asking the questions) and the Artist (the person answering the questions).

What are you creating?

What materials are you using?

How is it going?

Do you have any problems?

What is your favorite part of your work?

When you are finished interviewing each other, on a *Post - It*, finish this sentence:

*What I learned about my partner's artwork is ...*

Put your *Post - It* on the board.
